

## WATSON BIRDS

### The FEATHERS campaign

We have now launched our fund raising campaign for the events and activities for Watson Birds. We aim to raise £100,000 to fund our activities and events programme for the next 5 years. We hope you can contribute to this, by lump sum, or in instalments.

Watson Birds Feathers fund-raising campaign is based on the three birds in our logo: the Golden Eagle for which Jeff was an international expert, the Hen Harrier which was Donald's signature bird and the Swift which nests annually in the village.

*Watson Birds* invites you to join one of these three clubs. With your help we can build on the successful events held so far and develop an imaginative and enticing programme for the future.

## **Donate your own painting for auction**

There are many artists who worked with Donald or who knew him in his later years. One way of contributing to our project is to donate a painting which we can display in our exhibition, and which we can auction at the annual Bird Fair. The receipts will be used to develop new activities. Due acknowledgement to donors will be made.

## **Gift Aid**

If you are a UK tax payer, why not Gift Aid your donation as this will give us another 25p for every £ you donate.

The Duke of Buccleuch & Queensbury KBE DL

*'This is an original and beautifully conceived project that is so rooted in Dumfries and Galloway and so reflective of the character of our region that it deserves all our support. I send it every best wish.'*

**Dame Barbara Kelly CBE DL**

*'I am delighted and honoured to be a patron of the Watson Bird project and it gives me great satisfaction to see the progress which has been made in its development in the last 12 months.'*

**Mr Richard Agnew of Glenlee**

*'Donald Watson's paintings and writings provide an eloquent and sensitive record of the birds and landscape of Galloway. I am delighted that the Bird Festival commemorates him in the village where he lived and worked for over 50 years. I hope too that the Festival will help in achieving the longer term aims of the project to acquire and preserve Donald's house and studio.'*
